01 WHERE WE STARTED

What we built it around.

01

Peptides are short chains of amino acids.

From your Peptide Information page. Option 1 floats your BPC-157 vial in a green night, and the molecule mark on its label bursts into thousands of glowing beads in the shape of your logo.

02

CAS #, formula, M.W., purity.

Printed on every one of your product cards. Option 2 makes that green-header card the whole page, your BPC-157 vial over its frame, with the 99.20% read off its Vanguard certificate.

03

Free shipping on $200+, to all 50 states.

From your homepage. Option 3 is daylight: your Epitalon, BPC-157 and TB-500 vials on a sunlit stone ledge, with the headline set below like a magazine caption.

02 WHAT YOU GET

Pay for the website. Get the whole launch.

01	**The website** A new theme for your Shopify store: the homepage, collection pages, product pages and cart, built out from the top you've just seen, on your real products, sizes and checkout. Live on your domain within a week of saying go.	$2,500
02	**A launch promo** A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.	$140
03	**A launch email** Designed and written for your customer list, so the people who already order from you hear about the new site from you.	$350
04	**A launch ad set** Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.	$350
05	**A phone receptionist, first month** From Hire Whoever, our sister company: a voice assistant that answers a store phone line for you, so customers who'd rather call still get an answer, and every call becomes a short written record you can read after.	$105
06	**30 days of changes** Text or email us what to change. It's live the next business day.	$35

PLUS, WHEN YOU SAY GO BEFORE 6 NOVEMBER 2026

BONUS	**Launch email setup** We set up the launch email in your Shopify store and line it up for your customer list, ready to go out on launch day.	$180

TOTAL VALUE	YOU PAY	THE ONE-WEEK PROMISE

06 QUESTIONS

The usual questions.

01

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02

Is it secure?

Yes. The new theme is built lean, with no page builder and no extra apps added, and we test it on an unpublished copy of your theme before anything goes live. Your checkout and payments stay exactly as they are.

03

Who owns it?

You do. The theme and every file sit in your Shopify store, in your name. Your domain and checkout stay with you, and nothing of ours renews unless you ask.

04

How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from $250 a month, cancel anytime.

05

When do I pay?

Half ($1,250) when you say go, the rest ($1,250) when the site is live. You've seen the homepage before paying anything.
